Forecast for Monday 14 Dec 2020

Weather: Further showers this morning, heavy at first these turning to snow above 1200m. The afternoon will see fewer showers, becoming lighter and more scattered though those that remain slowly turning wintry down to 900m. Any sunny or clear intervals at a premium, more likely at lower levels towards the west coast.

Chance of cloud free mountain/hill tops above 800m: 20% with higher summits liable to remain shrouded and any clearances down at 800m.

Visibility: Moderate or good, occasionally poor this morning.
